

## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-53 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 1 and 46 recite an apparatus for automatically unloading and loading substrates with a vacuum vessel enclosing a loading and unloading chamber with a transfer port in communication with the chamber with an evacuated region outside the vacuum vessel wherein the loading and unloading chamber is hermetically sealed apart from the transfer port and the transfer port allows transfer of the substrate holder between the chamber and the evacuated region outside the vacuum vessel, a substrate holder in the chamber comprising a substrate support table and a locating means cooperable with the substrate support table for causing a substrate to be pressed against and located on the table, and a release means in the chamber, the release means withholding the cooperation of the locating means with the support table and providing a temporary support of the substrate clear of the table. These limitations, in combination with the other limitations in the claims, were not found in the relevant prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
